## SOAPBOX DERBY RALLY TONIGHT

### "Safe And Sane" July 4th Noted For County

#### RESORTS LURE THOUSANDS

No Accidents Reported;  
Record Travel Expected  
As Holiday Ends Sunday

Placerville firemen were called shortly before noon to a location on Bedford Avenue within the city limits to fight a brush fire. The fire was burning with such intensity over so large an area that the assistance of the state Division of Forestry was asked and two trucks were dispatched to the scene from Mt. Danaher. Shortly after two o'clock the fire was so well under control that one of the state trucks returned to Mt. Danaher to stand by for other alarms.

El Dorado County can report a safe and, generally, a sane Fourth of July observance.

A survey of hospitals and physicians' offices Friday morning brought the report that there were no accidents to mar the day and a check-up with El Dorado Forest, the State Division of Forestry and the Placerville Fire Department showed only three small fires. All of these were in Placerville. They were all grass fires and were extinguished without damage.

Thursday morning the firemen put out a grass fire on Upper Bedford Avenue. Last Thursday night they put out a grass fire at Spring and Canal Street, and Friday morning there was a small grass fire on Tunnel Road.

The Placerville police department did not issue one traffic citation during the holiday, despite traffic so heavy Thursday morning at five o'clock that all Placerville restaurants were crowded with Lake Tahoe-bound motorists seeking breakfast.

Local police report that the rush to the mountains began Wednesday evening and continued until late at night and was resumed again early Thursday morning. There was some westbound traffic Thursday evening but all seem agreed that the bulk of the recreationists were making the occasion a four-day holiday and would be hurrying home late Sunday.

#### Rebekahs Will Seat Officers

Chrysolite Lodge Sets  
Installation July 11th;  
Lilla Zeisz New Leader

The regular installation of officers of Chrysolite Rebekah Lodge No. 236, of Diamond Springs, recently elected for the new term, will be held on Thursday evening, July 11.

Officers to be installed include Lilla Zeisz, noble grand; Ruth Jones, vice grand; Nellie De Wolf, recording secretary; and Dorian Sutton, treasurer.

The date for the installation was set following the election, held at the last meeting in June, following which there was a social hour complimenting members of the order whose birthday anniversaries fell during the month. Among those honored were Glenn Carter, Alice Swartz, Dorian Sutton and Viola Thompson. Approximately twenty-five were present and games were followed by the serving of refreshments.

#### Probation Officer Home From Convention

County Probation Officer Charles W. Ball, Mrs. Ball and Janis and Jim and Mr. and Mrs. L. A. Reeg returned Thursday from a two week trip to Boise, Idaho, where Mr. Ball attended a convention of probation officers.

#### LOUIS ENZLER NAMED CHAIRMAN OF CONSERVATION PROGRAM

George Volz Confirmed As Secretary With  
Bassi Vice-Chairman, Alburn Veerkamp  
Third Member Of County Association

Louis Enzler, of Penobscot, was elected chairman of the county Agricultural Conservation Association Friday to succeed George H. Volz, resigned.

Dan M. Bassi was named vice-chairman and Alburn Veerkamp was chosen the third member of the association committee.

This, as far as El Dorado County is concerned, completes the "shake-up" in the association offices occasioned by the resignation of B. E. Haslam, secretary.

Mr. Volz was confirmed by the association Friday morning as successor to Mr. Haslam, who has been

advanced to the Berkeley offices of the state Agricultural Conservation Association, to supervise the state range program. He will report for his duties about August 1.

The Amador County association has all ready affirmed Volz as its secretary and within the next few weeks it is expected that like action will be taken by the six other counties of the mountain region so that Mr. Volz will be at once, secretary for El Dorado County and for all of the seven other counties whose affairs are maintained through the Placerville office of the Agricultural Conservation Association.

#### ACCEPTANCE OR REJECTION OF NEW DEAL PHILOSOPHY VIEWED AS MAJOR ITEM IN PRESIDENTIAL CAMPAIGN

NEW YORK. (AP)—Party labels will mean less in this campaign than an attitude of acceptance or rejection of the new deal philosophy, Republican Presidential Candidate Wendell L. Willkie told press conference questioners.

"We have certain basic beliefs in this country on which people divide," Willkie said. "There are those who have the new deal philosophy and those whose philosophy is contrary to the new deal. This is the fundamental domestic issue this year."

Willkie smilingly informed questioners that he agrees with the recent statement by John L. Lewis of the Congress of Industrial Organizations that if President Roosevelt were renominated the Republican candidate would beat him.

"I don't feel," he continued, "that it makes any difference who the Democrats nominate. I think we are going to win and I have already expressed my preference as to the Democratic nominee."

Willkie repeatedly has said he wants Mr. Roosevelt renominated so that he may have an opportunity to meet and beat "the champ."

Willkie's first important announcement since his nomination last week was Stassen's appointment as chairman of a campaign advisory committee. It was accompanied by new rules on campaign contributions which will fit nicely into the political philosophy of farm belt Republicans. No individual campaign contribution in ex-

cess of \$5,000 will be accepted, Willkie announced. Any gift of more than \$10 must be by check, draft or other order. He wanted a complete and detailed record kept and said that big cash gifts would prevent that.

No contributor shall expect reward by diplomatic appointment or other honor, Willkie continued, and he ruled out indirect contributions by corporations—direct gifts being already proscribed by law. But it has become the recent practice, Willkie said, to accept corporation advertising in campaign books or programs and he would have none of it. That was a shot at the Democratic National Committee practice of selling advertising in convention books—some autographed by President Roosevelt—under circumstances which aroused loud but ineffectual Republican protests.

#### Blister Rust Worker Buried Onu Friday

The funeral services for John J. Sheppard, 41, enrolled in one of the blister rust control camps on Eldorado Forest, were held Friday morning at the graveside at Sacramento City cemetery under the auspices of Sacramento Post No. 1660, V. of F. W.

Sheppard, at Sacramento for a weekend holiday, drowned Sunday while swimming in the Sacramento River. Although search was immediately instituted, his body was not located for several days.

"Reggie" Jackson will get the pitching call Sunday when the Bartletts close their Placer-Nevada League schedule by meeting Auburn at Marcus P. Bennett, Jr. Memorial Park.

The Game will be called at 2:30 o'clock and will mark the close of the Placer-Nevada League schedule for the Bartletts.

Manager Sam Hern said Jackson has been itching for a chance at the Auburnites and will get it Sunday.

The results of the game can make little difference to the Bartletts in the standing of the clubs, but since Auburn is on top and undefeated, it is the hope of the tail-enders in the race that Jackson will be able to lead the way to a Bartlett victory Sunday.

Bartlett directors will meet on Tuesday night at the chamber of commerce offices to tally up the financial "income" and "outgo" for the season.

**Placerville Pair Wed July 4 At Reno**

#### 164 DEAD FOR HOLIDAY

14 Of 25 Victims In  
California Killed  
On State's Highways

By UNITED PRESS  
The nation counted at least 164 persons dead of violence today, less than half way through the four-day Fourth of July holiday weekend, and almost half the toll was attributed to traffic accidents.

A United Press survey showed a total of 78 deaths on the nation's highways—three more than the average for a normal July Thursday. Thirty-eight persons drowned, 16 committed suicide, two deaths were caused by fireworks, and 30 died of other causes.

California, with 25 dead, reported the heaviest loss of life—14 through automobile accidents. Ohio had 13 fatalities of which 11 were traffic deaths. Pennsylvania reported 13 dead, and New York had 10 violent deaths.

#### Bombing Sifted By N. Y. Police

Blast At British Booth  
At World's Fair Kills Two;  
75 Jailed For Questioning

NEW YORK. (AP)—Radicals and agitators—including three officers of the German-American Bund arrested in New Jersey—were questioned today as police sought clues to establish responsibility for the world's fair bombing that killed two New York detectives, and injured five other police officers, two of them critically.

In a roundup of radicals unprecedented in the city's peace-time history, police picked up 75 known communists, fascists and "ism-agitators" for questioning.

The only reason the toll was not many times higher was that the bomb exploded in an area away, while the detectives were examining it, and not in the crowded British pavilion where the bombers had intended it to explode.

Expert analysis of the fragments showed early today that the bomb had been set to explode when it did—at 5:12 p. m. yesterday, a time when there is a lull in the fair's manifold activities and the international section, including the British pavilion, is most crowded. It was not set off by the detectives examining it.

The bomb was so powerful it dug a hole in the ground, two feet deep and six feet across.

#### SIERRA PHOTO SERVICE ACQUIRES ASHER CARD BUSINESS

Mr. and Mrs. Perry Baker of Sierra Studio announce that they have purchased the Scenic Post Card Business from W. C. Asher of Broadway Street, this city.

Mr. Asher has spent more than five years in compiling and filing 5000 negatives of scenic spots and cities in Northern California, including many prize photographs of historical and interesting places in this county.

The business carried contracts for furnishing a number of retail outlets in various towns of the state, through which the cards are sold at five cents each. Some of these orders in lots of 500 to one thousand at a time.

All cards are reproduced in actual black and white photograph.

Walter Bidstrup was a caller from El Dorado Friday.

#### 131,176 VISIT FAIR AT BAY

Attendance For July 4  
Exceeds Last Year And  
1940 Opening Day Mark

SAN FRANCISCO. (AP)—Not everyone went to the country to spend July 4th, despite sputtering reports of motorists. A goodly share visited the Golden Gate International Exposition—a record crowd, in fact.

At midnight, the huge cash register at the center of Treasure Island had recorded 131,176 visitors for the day, far eclipsing the opening day attendance of 123,308, and the gate of last July 4th, 122,578 persons.

With many firms offering their employees a four-day holiday, records were expected to continue falling. Today is Hawaii Day on the island, featured by the presence of Gov. Joseph B. Poindexter of Hawaii.

This belief was expressed as congressional leaders, led by Chairman Key Pittman of the senate foreign relations committee, applauded the British capture or destruction of a large portion of the French navy. Elimination of the possibility that the French fleet might become Germany's also was believed here to strengthen Britain's hand in the Far East, particularly in her resistance to Japan's action on the mainland.

Mrs. Marie Voss and two sons left Friday on an automobile trip to Prairie City, Oregon, expecting to spend a month visiting relatives and other friends.

Mr. and Mrs. Walter P. Leavitt and two children and Mr. and Mrs. Mance H. Vaught, were in Reno over the Fourth, taking in the sites at the Rodeo.

Among those from this county in Reno over the Fourth of July holiday, at the annual rodeo, were Clarence Larsen, Miss Marie Jones, and Mr. and Mrs. Jack Barkley, and Mr. and Mrs. John Lumley.

Mrs. Maebelle Baker is here from Sacramento for a visit with her son and wife, Mr. and Mrs. Perry Baker, and her sister, Mrs. Lily Watt of this city.

Paris Jasper, who had served eight days of a 100-day sentence for drunken driving, arranged to pay the balance of a \$200 fine (184) on Friday morning and was released from jail by order of City Judge Eugene Creed.

## FRENCH FLEET IS SEIZED

German Wireless Quotes  
Madrid Report Gibraltar  
Bombed By French Plane

BERLIN (AP)—The German wireless in a dispatch from Madrid today said that a French airplane had dropped bombs at the British fortress of Gibraltar.

VICHY, France. (AP)—The French council of ministers has decided to break off diplomatic relations with Great Britain as a result of the Anglo-French naval engagement at Oran, it was announced officially at this French provisional capital today.

By UNITED PRESS

Great Britain and France came to the parting of the ways today according to apparently circumstantial reports that the government of Marshal Henri Philippe Petain has ordered diplomatic relations with London severed.

The long association of the two powers—never at war since the Napoleonic era and closest of allies from before the World War until two weeks ago—was ended by the roar of British naval guns which opened up on the most powerful units of the French fleet at Oran on the North African coast at 5:58 p. m. Wednesday.

Reports without confirmation circulated. (Continued on Page Four)

#### Seizure Helps In Pacific

Action May Also Assist  
Britain In Meeting  
Far Eastern Problems

WASHINGTON. (AP)—Authoritative quarters believed today that Great Britain's action against the French fleet and preservation of British control of the Atlantic would strengthen the United States' position in the Pacific.

This belief was expressed as congressional leaders, led by Chairman Key Pittman of the senate foreign relations committee, applauded the British capture or destruction of a large portion of the French navy.

Elimination of the possibility that the French fleet might become Germany's also was believed here to strengthen Britain's hand in the Far East, particularly in her resistance to Japan's action on the mainland.

#### BLISTER RUST CONTROL WORKER FOUND DEAD NEAR CAMP

Edward C. Page, 34, blister rust control worker in a camp maintained on Eldorado Forest by the federal Bureau of Entomology, was found dead near the camp Friday morning. He had been missing 14 hours.

Officials report that Page had been drinking heavily and the circumstances would appear to indicate that there was some connection between his death and the quality and quantity of his drinking.

"Blessing and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever. Amen." These words from Revelation comprise the Golden Text to be used Sunday, July 7, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "God." Included among the Scriptural selections will be: "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands, and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully. He shall receive the blessing from the Lord, and righteousness from the God of his salvation" (Ps. 24: 3-5).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "The Divine Being must be reflected by man, — else man is not the image and likeness of the patient, tender, and true, the One 'altogether lovely,' but to understand God is the work of eternity, and demands absolute consecration of thought, energy, and desire." GRANGE NOTES

Pomona Meeting

El Dorado-Amador Pomona Grange met Friday night, June 28, at Fossati Hall in Smith Flat with Master Harvey Jameson presiding. Several resolutions were presented and approved by the membership, among them one from Gold Trail Grange that we ask the State Division of Highways to eliminate several dangerous curves and widen certain narrow places on Coloma-Lotus road.

Another resolution, from Pomona Grange, asked that the distribution of the gas tax to counties be changed to the basis of road mileage and traffic needs instead of upon an arbitrary basis of car registration. Present distribution of tax money gives the thickly populated sections most of the money.

A resolution dealing with unemployment question and relief said: Therefore, be it resolved: by El Dorado-Amador Pomona Grange, in regular session assembled at Smith Flat, California, June 28, 1940, that we urge the state to meet the unemployment situation by utilizing more unemployed on the secondary and rural roads; and be it further resolved: That we urge the State Grange to adopt this or a similar resolution.

The question of our county fair date came in for discussion and we are of the opinion that the fair at such an early date does not do the county full justice. The farmers complain and rightly, that they are up to their necks harvesting pears, so consequently cannot cooperate as they would like to. We also have no apples of any consequence and any who saw our apple display at our first fair will agree that it was one of the most attractive displays at the fair.

The question of going before the board of supervisors to see what can be done for next year was discussed and some definite action will be taken to see if the situation cannot be remedied for next year. —Elmer F. Porini, Sec.

French Fleet Seized

culated that France might ultimately declare war on Britain, presumably at the behest of Germany. This possibility was scouted for the present in London. The report of severance of diplomatic relations lacked confirmation in London, but Berlin, Geneva and Rome said the decision had been announced by the Petain government at Vichy.

The naval action at Oran was the most dramatic of the swift and drastic steps taken by Britain to prevent the powerful French fleet from falling into the hands of Germany and Italy and giving the axis powers naval superiority over Britain.
